It has long been observed that the CAS applicants are not showing interest to include necessary corrections suggested by the IGAC office. Even after repeated requests the applicants are not submitting the corrected version of their applications in time which causes unwanted delay in processing the applications of others. In view of this, the Committee decides and resolves that the processing of application will be based on the date of submission and in this connection it is also resolved that an application will be considered as a fresh submission once it is submitted after the 2nd revision and date of submission after the 2nd revision will be considered as the fresh date of submission and the application will be processed accordingly.

CAS Sub-committee meeting held on 1/10/2021 at 1pm in the IQAC Meeting Room

Resolution:

The Committee condemns the letter came from Dr. Mahitosh Mondal, Assistant Professor, Dept. of English to the Director, IQAC. It has been observed that the IQAC has pointed out the errors made by Dr. Mahitosh Mondal in filling up the application and submitting documents for his promotion under CAS. But unfortunately he had failed to fulfil the requirements and therefore the application was sent back to him. This has happened for number of times while caused complications in processing the application in spite of all possible supports to the candidate by the IQAC. With these observations, the committee does not consider that complain written by Dr. Mondal are justifiable and therefore commendable.

meeting of the CAS Subcommittee held on
17/07/2018 at 2 PM at the Seminar
Room of the Dept. of Chemistry, Presidency
University

Members Present:

1. Bijan Das 17/07/18
2. Muklish Acharyya 17.7.18
3. Arinitabha Das 17.7.18
4. Anjoy Majhi 17.7.18
- 5.

Resolutions:

Resolved that the applications of Dr. Biplab Biswas (Chemistry), Dr. Sasikumar Palani (Chemistry), Dr. Anjoy Majhi (Chemistry), Dr. Pulak Kumar Ghosh (Chemistry), Dr. Koena Ghosh (Chemistry), Dr. Arnab Halder (Chemistry), and Dr. Tapan Saha (Mathematics) for promotion under CAS be forwarded – the detailed resolutions are attached.

Further, the Subcommittee considered an application of Dr. Kalyan Halder, Department of Geology, Presidency University dated 09.07.2018 [addressed to the Registrar, Presidency University, and forwarded to the Director, Internal Quality Assurance Cell (IQAC) by the Registrar for opinion] with a query regarding the date of his promotion to the post of Professor of Geology. The Subcommittee observed that from the document attached with this letter (not signed by the applicant) it is not evident that the manuscript "was in press since 17.12.2016" as claimed. Rather, from the attached document (email), it is evident that Dr. Satish C. Tripathi, Honorary Editor, Earth Sciences India sent the "paper" with minor modification and improvements with a request to return the "final" format, and that Dr. Halder, in his reply, sent back the "manuscript" to Dr. Tripathi. There has been no mention that the manuscript has been accepted or was in press on the date mentioned. The only document regarding the date of publication of the fifth paper as provided by the applicant is dated 10.05.2018, and hence this date has been recommended as the date of attainment of minimum academic requirement for the said promotion by the CAS Subcommittee in its meeting held on 18.06.2018 (details attached).

The Career Advancement Scheme (CAS) subcommittee in its meeting held on 17.07.2018 has recommended the application of **Dr. Biplab Biswas**, Department of Chemistry for his promotion from Assistant Professor (Stage-1) to Assistant Professor (Stage-2) under Career Advancement Scheme for consideration by the appropriate Screening/Selection Committee, subject to (i) verification of Part A (General Information and Academic Background) of the form, and (ii) compliance of the University Rules by the University Establishment.

Resolution of the Meeting of the Career Advancement Scheme (CAS) Subcommittee held on 17.07.2018 in connection with an application of Dr. Kalyan Halder, Department of Geology, Presidency University dated 09.07.2018 [addressed to the Registrar, Presidency University, and forwarded to the Director, Internal Quality Assurance Cell (IQAC) by the Registrar for opinion] with a query regarding the date of his promotion to the post of Professor of Geology

The Career Advancement Scheme (CAS) Subcommittee in its meeting held on 17.07.2018 considered an application of Dr. Kalyan Halder, Department of Geology, Presidency University dated 09.07.2018 [addressed to the Registrar, Presidency University, and forwarded to the Director, Internal Quality Assurance Cell (IQAC) by the Registrar for opinion] with a query regarding the date of his promotion to the post of Professor of Geology. The Subcommittee observed that from the document attached with this letter (not signed by the applicant) it is not evident that the manuscript "was in press since 17.12.2016" as claimed. Rather, from the attached document (email), it is evident that Dr. Satish C. Tripathi, Honorary Editor, Earth Sciences India sent the "paper" with minor modification and improvements with a request to return the "final" format, and that Dr. Halder, in his reply, sent back the "manuscript" to Dr. Tripathi. There has been no mention that the manuscript has been accepted or was in press on the date mentioned. The only document regarding the date of publication of the fifth paper as provided by the applicant is dated 10.05.2018, and hence this date has been recommended as the date of attainment of minimum academic requirement for the said promotion by the CAS Subcommittee in its meeting held on 18.06.2018.
