PREFACE

The Old and Rare Collection of the Library, Presidency University, Kolkata, is a reflection of the academic legacy and intellectual tradition of one of India's oldest and most prestigious institutions. Founded as Hindu College in 1817 and later renamed Presidency College, the university has been at the forefront of modern education in India and has played a central role in the Bengal Renaissance, the Indian freedom movement, and the evolution of critical thought in South Asia.

Presidency has long been regarded as a cradle of excellence — a place where knowledge was not only imparted but created and challenged. Over the past two centuries, it has nurtured a galaxy of scholars, thinkers, scientists, poets, and political leaders including Henry Louis Vivian Derozio, Ishwar Chandra Vidyasagar, Acharya Jagadish Chandra Bose, Swami Vivekananda, Dr. Rajendra Prasad, Prasanta Chandra Mahalanbis, Satyendra Bose, Amartya Sen, and many others who have shaped India's intellectual and cultural life.

The Library of Presidency University has silently witnessed this rich journey. It has preserved within its walls thousands of printed works from the colonial and pre-independence periods — works that bear testimony to the scholarly pursuits of generations past. These books, printed from the 16th to the early 20th centuries, now form the Old and Rare Collection. These materials were once in regular use by students and faculty of the time and now hold immense historical and academic value.

In order to preserve this intellectual heritage for future generations, the library has undertaken the task of identifying, cataloguing and preserving these rare volumes. This laborious and essential work has been undertaken by the Library over the past decade, following the historic transformation of Presidency from a college into a university in 2010.

With renewed institutional support and a vision for scholarly access, the library undertook a comprehensive review and segregation of old materials under the guidance of Prof. Swapan Chakraborty and Mrs. Swagata Mukherjee. Books published up to the year 1947 were segregated as part of the Old and Rare Collection, in recognition of their historical and academic importance.

This work has been conducted with care and dedication by the library staff who, have examined each title individually and prepared accurate bibliographic entries to aid researchers and historians. This initiative is not only a documentation effort but also a tribute to the university's timeless legacy.

The present volume (Bibliography of Selected Books from The Old and Rare Section) lists only those titles from this collection that were published before the 20th century. These books, numbering in hundreds, include works in Indian and foreign languages (English, French, German), spanning a wide range of disciplines. Their fragile condition and unique features make them invaluable for researchers in book history, print culture, colonial studies, and more.

This catalogue contains entries of the books processed under the Old and Rare Section till date. Accession numbers are assigned as AA and AS according to the availability of the books in Arts and Science Library respectively. Entries are arranged first according to publication year and then alphabetically by title of the books and include the following bibliographic information:

- a) Title
- b) Statement of Responsibility (Author, Editor, Translator, etc.
- c) Place of Publication, d) Name of Publisher, e) Year of Publication,
- f) Accession Number

An example of an entry in this catalogue is provided below:

1) A complete treatise on
electricity in theory and
practice : with original
experiments/ Tiberius Cavallo.-
3rd ed. London: C. Dilly, 1795.
v. 3. AS3486

The successful preparation and publication of this catalogue is the result of the collective efforts and dedication of several individuals and teams. I wish to express my sincere appreciation to Dr. Sutapa Chatterjee, Asst. Librarian and Mrs. Kuheli Dutta, Asst. Librarian both serving as Section-in-Charge of the Old and Rare Book Section, for their active involvement in the editorial process and their meticulous efforts in organizing and refining the bibliographic entries. I am also deeply grateful to Asst. Librarian, Dr. Rabishankar Giri and Asst. Librarian, Dr. B. Siva for their consistent support and scholarly inputs.

I would like to express my sincere gratitude to our Vice Chancellor, Prof. Nirmalya Narayan Chakraborty for his support and encouragement, which have significantly contributed to the shaping of this publication.

Special thanks are extended to all present and ex-staff members of the library, among them a special mention to Mrs. Moumita Adak Dutta, Mr. Mrinmay Mukherjee, Mr. Tuhin Dutta, Ms. Angana Majumdar, Mr. Prithwish Bhusan Banerjee, Mr. Badal Mandi, Mr. Amit Kumar Patra, Mr. Sujit Halder, Mr. Sk. Abdul Moorselim, Mr. Abhay Thakur, Mr. Indrajit Majhi, Mr. Mizanoor Islam, Mr. Srikanta Chaudhury and Ms. Sushmita Buskey for their committed involvement in the identification, handling, and documentation of these rare materials.

I also take this opportunity to thank the University Authorities for their support in facilitating this important work, which reflects Presidency University's enduring legacy of academic excellence and preservation of intellectual heritage.

While every effort has been made to maintain the highest standards of accuracy and consistency, any inadvertent errors remain the responsibility of the editorial team. Suggestions for further improvement are welcome and will be gratefully received.
