Enhancing Digital Learning Opportunities

Dear Students,

Presidency University is thrilled to announce a Technical Session organized by 'Yuva Sambad—a dialogue with Youth', scheduled for July 25th, 2023, at 3:00 pm within the University campus. The session will provide an engaging platform for students to discuss the theme 'Developed India' along with sub-themes focusing on Women's Empowerment and the Inclusion of Marginalized Sections in Society.

Assistant Professor Dr. Manoj Panda will chair the Technical Session from the Department of Philosophy. Students will have the opportunity to share their insights and ideas on fostering a developed and inclusive India.

Following the technical session, our talented students will get an opportunity to perform captivating cultural events, which will showcase the rich diversity and cultural heritage of our university community.

In addition, an online session will be conducted to understand the mindset of students and their efforts toward the optimal usage of digitization. This session aims to promote digital literacy and empower students to harness technology for personal and societal advancement.

We encourage all students to actively participate in this event and contribute to constructive dialogue and cultural exchange.

For further information or inquiries please contact NSS Cell.

Warm regards,

Prof. Sumita Saha

Coordinator of NSS Cell,
