Workshop on ADVANCED MATERIALS AND APPLICATIONS

25-26 August 2022

Dept. of Physics I
Presidency University I Kolkata

**For Teachers of Colleges and Universities
Sponsored by SERB under SSR Activities**

Invited Lectures | Oral Presentation | Poster Presentation

Scope

Solar Cell, Photodetector &
Energy Harvesting Materials
Ferroelectric Materials
Nanostructured Materials &
Low Dimensional Systems
Polymeric Materials &
Nano-composites
Magnetic and Dielectric
Materials
Ab initio Calculation of
Material Properties

Convener

Prof. Arabinda Nayak

A Report on two-day workshop on "Advanced Materials and Applications" organized by Prof. Arabinda Nayak, Department of Physics, Presidency University, Kolkata for teachers of nearby Colleges and Universities during the period 25-26 August 2022 (Venue: A.K. Basak Auditorium, Ground Floor, Main Building) sponsored by SERB under SSR activities. All interested faculty members of the department of Physics, organizing committee members and the postgraduate students were also participated in the workshop.

The main objective of the workshop was to acquaint the faculty members with the recent development and present knowledge on advanced & newly discovered materials for their future endeavors.

The program was inaugurated by Prof. Sankar Bose, Dean, Faculty of Natural and Mathematical Sciences, Presidency University along with an inaugural speech highlighting the importance of these topics for the participants.

The resource persons were Prof. Goutam Dev Mukherjee, IISER, Kolkata, Prof. Subhratantu Bhattacharya, University of Kalyani, Prof. Satyaban Bhunia, SINP, Kolkata, Prof. Dipak Kumar Goswami, IIT Kharagpur and by Dr. Rabishankar Giri, Presidency University, Kolkata. Prof. Goutam Dev Mukherjee explained *The Strain Effect on Transition Metal Dichalcogenides: Experimental Investigations at High Pressures*, Prof. Subhratantu Bhattacharya discussed *Lithium Battery Evolution and Future: Electrolytes' Contribution*, Prof. Satyaban Bhunia elaborated *Synchrotron Radiation and their Applications to Materials Characterization*, Prof. Dipak Kumar Goswami highlighted the importance of *Flexible Organic Electronic Devices for Smart Healthcare Technology* and Dr. Rabishankar Giri discussed a very important topic on *Doing Science in the Age of Publish or Perish*.

The organizing committee also arranged the poster presentation for all participants and Lab visit of the participants. A discussion on project proposal writing, project management and ethics in science were also included in the workshop.

The event was successful. The workshop was relevant to the title and were well-appreciated by the participating faculty members. After completion of this workshop all the participants had felt encouraged to explore these areas in their research field in future.
